I know by now I'll depend on your help always
I still can't recover what I lost
But learned to recover from the losing
Gone on continuing to become
Who I was when I was born
And I still cannot believe how much I've gained
Or how far I have come
We desperately still need your help
People keep asking if I'm healthy
And leave me in a kind of hunger
But I open gates of heaven
As I walk through every hell
And the dozen thumbs I squirm from under
Never mind beacons
I see around me no black tunnel
I rule the bottom of this sea
And I still look like a model.
